Dear Friends,

Thank you for your interest in supporting Laguna Blanca School and our upcoming Annual Spring Benefit "Golden Oak Gala" on **Saturday, March 16, 2024**. Laguna Blanca is Santa Barbara's only premier college preparatory day school that offers an Early Kindergarten through Grade 12 educational experience. Laguna stands out as one of the few schools in the Santa Barbara area that offers robust learning and academic excellence in all three divisions of Lower School, Middle School, and Upper School. With a thriving experiential learning, LEGO, STEM, TEDx, and arts programs, as well as competitive athletics with state-of-the-art facilities, Laguna Blanca continues to broaden and enrich its students' educational experience.

Each year, our benefit attracts over 300 guests and raises over \$500,000. Thanks to our leadership sponsors who generously underwrite the event, every dollar raised directly supports our students, teachers, and our 90-year legacy. Hosted at the premier resort; Rosewood Miramar Beach, our Spring Benefit will be an evening of welcoming Laguna families and friends into a festive gala where guests can don their formal attire, sip on custom cocktails and local wine, and celebrate friendship, community, and our exceptional school.

Key components to the success of our event:

The **online auction** raises over \$40,000 and is shared with family and friends all over the world. This year more than ever, we anticipate this number to grow due to Laguna's record setting enrollment. Many of our families are new to Laguna Blanca as well as Santa Barbara and we look forward to introducing them to your business.

The **live auction** continues to raise important funds for the school by offering exceptional experiences and packages to the guests during the event.

We are aiming to secure all auction items by **Friday, February 23, 2024**. Please contact us if you have any questions. For your records, our Tax Identification number is 95-1641448 and our donation form is attached.

With warmest regards,
